Dear Tamuna,

It is with great pleasure that I inform you that your Application for Admission to the Ph.D. Program has been approved.

In addition, your Application for Financial Aid and Application for Teaching Assistantship have also been approved. The University has awarded you 1,000 lari per year in the form of a Teaching Assistantship in the areas of your expertise. You will be asked to assist one or more professors in these areas.

The date for the start of your Ph.D. program is 1 October 2006. You should make arrangements with Ms. Daria Chekheria to complete your registration. At the time of registration, the amount of 1,000 lari will be due. This amount will be due at the start of each semester. I anticipate you will be able to complete your program in three years, or six semesters.

Congratulations on your admission to the Ph.D. program! I look forward to working with you in the coming months as you embark on this important journey in your professional career.

Sincerely,

Dr. Edward R. Raupp

Dear Tamuna,

It gives me great pleasure to acknowledge approval of your Professional Development Plan (PDP). Congratulations!

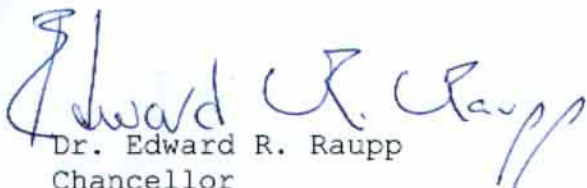

A copy of this letter will be made part of your official file.

The next step in the process leading to your Ph.D. degree is TEP 1, Research Methods and Technology, the first of five Core Modules combining Theoretical (T), Empirical (E), and Practical (P) knowledge. By completing this module, you will have broadened, deepened, and demonstrated mastery of the domain of research methods.

Your Faculty Mentor and I are at your service as you move ahead with your program.

Again, congratulations on taking this step in your journey.

Warmest regards,

Dr. Edward R. Raupp

To Whom It May Concern

Tamar Chachibaia is our Ph.D. candidate in the field of Public Health and Social Ecology. She is most interested in finding partners abroad who share her interests. She is looking for further study and collaboration in Spain.

Tamar Chachibaia is creative and intelligent and a good scientist. She is a physician who cares deeply about people. Her specialty is in various applications of nanotechnology in the medical and health care sectors.

I endorse our candidate to Professor George Ingorokva, Chair of the Department of Neurosurgery at Tbilisi State Medical University General Hospital in Tbilisi and appreciate his readiness to present Tamar Chachibaia's credentials to the appropriate authorities.

Tamar Chachibaia has my highest recommendation for study in Spain.

Sincerely,

Dr. Giuli Alasania
Chair, Board of Trustees
